

Let's give  
Thanks

### IDL Class

On Thursday we went to the high school for an IDL class.

The kids got to tour the schools at Rosalia too. We learned about butterflies in the IDL lab and talked about the stages a butterfly goes through. We reviewed some rhyming words with the ing sound and sang a song. The kids really enjoyed it. We wrote about it in our journals when we got back. We will go again in January for a different science presentation.

### Book Fair

11-28-09

There will be a Book Fair at Barnes and Noble supporting our Flintheills schools. Each class will have a wish list that you can purchase books for our school as well as buying books for your child. This is a great time to buy Christmas gifts. A percentage of the money you spend that day will go toward purchasing books for our schools.

**Sat. Nov. 28th from 10-7  
Barnes and Noble at 1920 N.  
Rock Road in Wichita**

This week we learned the difference between facts and opinions. We learned some interesting facts about turkeys. Ask your child to tell you a fact about turkeys.

Mrs. Anderson's  
Class

Nov. 13, 2009

### Highlights

- \* **Fact or opinion**
- \* **IDL lab**
- \* **"ar" sound**
- \* **Centers**
- \* **Making cards**
- \* **Manners**
- \* **Play teaser**
- \* **Making wanted posters of turkeys on the computer**

Mrs. Simmons has been working with the students about manners. Last week they got to play a game using buzzers and this week she had them set a table and worked on table manners. Hopefully you see these good manners at home as we work on them at our school daily. :)

On Friday the 20th we will do a short reenactment of the First Thanksgiving before we go to lunch. We will start about 10:45. When we are finished we will start lunch. Please let Laura know if you are planning on coming for lunch.

Reminder  
Only "42" days  
until Christmas!!!
