## Covid-19 Music Contest

Students had to miss so many events this spring. Larry Brownlee, the band teacher at Sterling College, decided that he wanted to give music students an opportunity to compete with their solos. He found out from KSHSAA that it had to be voluntary and not through the schools, so he sent the link out to interested teachers and we passed them on to students who were ready to compete. There were over 376 students state-wide who took advantage of this and Flinthills had 4 of them.

\*Reagan Heimgartner, junior, recorded a vocal solo and sent it in. She earned a I rating and will receive a special medal made just for this contest.

\*Trena Garcia, sophomore, also recorded a vocal solo and sent it in. She earned a II rating.

\*Addison Cartmell recorded her clarinet solo and sent it in. She earned a I rating and will receive a special medal made just for this contest.

\*Harlee Randall recorded her alto saxophone solo and sent it in. She also earned a I rating and will receive a special medal made just for this contest.

Congratulations, ladies!

# New Flinthills Faces

Greetings Flinthills Community,

I would like to express how excited and blessed I feel to be the new principal of Flinthills Middle & High School. My passion for education and the opportunity to help cultivate success for all students has shaped my career over the past 23 years. I welcome the opportunity to serve the Flinthills learning community and look forward to working with a talented staff, dedicated parents and involved community members. Most of all, I look forward to working together with our students to continue the outstanding work at Flinthills school.

My educational background includes a Bachelor of Arts in Education from Tabor College and a Master of Arts in Educational School Leadership from Baker University. I began my career teaching both middle and high school and coaching high school football for six years in my home state of Minnesota. I then moved back to Kansas and accepted a secondary teaching and coaching position in the Haven School District. While in Haven, I taught four years within the middle school and high school building and also served as the varsity head men's basketball and track coach. Most recently, I served for thirteen years in administration at Central Christian Academy in Wichita in a secondary principal role eventually being promoted to the position of Head of Schools.

I've been married to my wife, Robin for almost 23 years. Together we have two children: Josh, age 15 and Jake, age 12. Our family is looking forward to becoming a part of the Mustang family. We are excited to begin partnering with all of you and look forward to meeting each of you soon. Go Mustangs!

Mr. Michael Hunter

Dear Parents and Guardians,

We are writing to provide you with an update about the coronavirus and the district's efforts to ensure the health and safety of all students in our buildings. The CDC is reporting that the risk to the general American public remains low. Furthermore, the Butler County Health Department has informed us that as of 3/5/20, no cases have been confirmed in Butler County or in Kansas.

The school district is working closely with Butler County Health Department and other county agencies to monitor the situation and develop a coordinated and comprehensive public health plan to ensure we are prepared if cases arise in our community. The school district will be prepared to implement public health recommendations as required.

As a best practice for overall health in cold and influenza season, the CDC recommends that individuals receive the influenza vaccination and engage in everyday, preventive measures to prevent the spread of germs and avoid illness, such as:

- Wash hands frequently with soap and water for at least 20 seconds. If soap and water are not available, use alcohol-based hand sanitizers.
- Avoid touching eyes, mouth and nose with unwashed hands.
- Avoid close contact with individuals who are sick.
- Stay home when you are sick. The CDC recommends that individuals remain home for at least 24 hours after you no longer have a fever or signs of a fever (i.e., chills, feeling warm, flushed appearance).
- Cover your cough or sneeze with a tissue, then immediately discard the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces.
- Take any anti-viral medication prescribed to you as instructed. Additional information for the U.S. is available on the CDC website.
- Kansas Coronavirus Information
- CDC Communication Print and Video Resources: (in English with some translated into Spanish and Chinese)
- CDC FAQ: (in English, Spanish and Chinese)

Sincerely,

Jeremy Boldra, Superintendent

# Guidance for Student Foreign Travel for Institutions of Higher Education and Kansas High Schools

This guidance is for Kansas Institutes of Higher Education and Kansas high schools with students participating in foreign exchange or study abroad programs.

## Consider postponing or canceling student foreign exchange programs.

Given the global outbreak of novel coronavirus (COVID-19) institutes of higher education (IHE) and Kansas high schools should consider postponing or canceling **upcoming** student foreign exchange programs. Those overseeing student foreign exchange programs should be aware that students may face unpredictable circumstances, travel restrictions, challenges in returning home or accessing health care while abroad.

If the level of risk posed by COVID-19 in the countries which currently house Kansas students increases, schools may consider asking students participating in study abroad programs to return to the United States. Schools should work with state and local public health officials to determine the best approach for when and how (e.g., chartered transportation for countries or areas assessed as high-risk for exposure) their study abroad students might return. All plans for returning study abroad students should be designed to protect participants from stigma and discrimination.

The COVID-19 situation is dynamic. Given the speed of spread and the number of countries experiencing human-to-human transmission, schools should evaluate the risks associated with choosing to maintain programs abroad and take the appropriate proactive measures. Colleges, universities, and high schools that continue to maintain programs abroad should monitor <http://www.kdheks.gov/coronavirus/index.htm> and [cdc.gov/COVID-19](https://www.cdc.gov/COVID-19) for additional information.

If travel occurs to a Level 2 or Level 3 CDC Travel Health Advisory country (<https://www.cdc.gov/coronavirus/2019-ncov/travelers/index.html>) travelers should expect to be under quarantine for 14-days after returning. This quarantine applies to people returning from these countries and don't have symptoms including fever and lower respiratory symptoms. If travelers don't have symptoms they can expect movement restrictions and symptom monitoring:

Definition	Movement Restrictions	Public Health Monitoring
Travel from any country with a CDC Alert Level 2 or Warning Level 3 travel advisory and not having any exposure	<ul style="list-style-type: none"> <li>• Remain at home or in a comparable setting.</li> <li>• Avoid congregate settings, limit public activities, and practice social distancing (e.g., shopping centers, movie theaters, stadiums), workplaces (unless the person works in an office space that allows distancing from others), schools and other classroom settings, and local public conveyances (e.g., bus, subway, taxi, ride share).</li> <li>• Postpone additional long-distance travel after reaching destination.</li> </ul>	<b>Self-Monitoring with Public Health Supervision:</b> <ul style="list-style-type: none"> <li>• Public Health will make initial contact and provide a plan for self-monitoring for fever and lower respiratory symptoms.</li> <li>• Contact will be made intermittently for 14 days since last exposure.</li> <li>• Public Health should make initial contact the same day, or the next morning in case of an evening notification.</li> </ul>

If travelers do have symptoms, including fever and lower respiratory symptoms, the traveler would be considered a Person Under Investigation and would be tested for COVID-19. If the test came back positive, the traveler would be under mandatory isolation for as long as it takes for symptoms to resolve and get two negative samples back. This could take several weeks.

Jeremy Boldra, Superintendent

## Congratulations Sheri Stephens as she is our April Employee of the Month!

Sheri Stephens was selected as the April Employee of the Month. Sheri has served as a cook for 16 years (since 2004). She was nominated by Kelli Davis and Jeremy Boldra. Sheri was characterized as one who is a hard worker and goes above and beyond to achieve excellence in her position. She is creative and thinks of new ways to make cooking jobs more efficient without sacrificing quality. She has a positive attitude, cares deeply about the importance of her position, and treats kids with a friendly smile and comment as they go through the line each day. Sheri is a huge asset in the kitchen and at Flinthills. Sheri will receive a certificate and a jacket.

## Local Student Named National Geographic GeoBee State Competition Semifinalist

### Congratulations, Joliene Dragoo!

The results are in! The National Geographic Society named sixth grader, Joliene Dragoo, as one of the semifinalists eligible to compete in the 2020 National Geographic GeoBee State Competition. The contest would have been held at Dwight D. Eisenhower Presidential Library and Museum in Abilene, on Friday, March 27, 2020.

## Shout Outs

3/2/20 - 3/6/20

- Shout out to Chase for fixing the internet on Monday! - Michelle Nelson
- Shout out to Mrs. Walp and her second graders for an amazing Road Trip-pin' Fabulous Friday Movie Night. It was FUN!!! - Michelle Nelson
- The month of March is known as Music in Our Schools Month so Shout Out to Tresa Garcia and Joan Grover for doing a fantastic job with our music department. - Michelle Nelson
- Shout out to Dawn Waller for changing her plans to get a uniform to a high school kid by gametime. -Daniel Scribner
- Shout out to Mrs. Rosenquist for doing a great job with the scholars bowl kids! Thank you for your time & encouraging our kids. -Junilda Scribner
- Shout out to Mr. Harms for taking the kids to math relays. I appreciate your willingness and time spent with them! -Junilda Scribner
- Shout out to Ms. Swafford & Jillian Marsh for all of their work with our Robotics club. Did I mention, using up one of your Saturdays to take them to competition. You both are awesome! -Junilda Scribner
- Shout out to Amy Brewer for being such an AWESOME SPED Teacher. We appreciate you! - Marla Edwards & Trista Martin
- Shout out to Marla for all her help with oobleck! -Lisa Taylor
- Shout out to LeNell for being LeNell! -Lisa Taylor
- Shout out to the primary students and staff for a great Dr. Seuss Day! - Lisa Taylor
- Shout out to Tammy for helping with my bulletin board and for making math supplies for my class! -Tiffany Willard
- Shout out to Michelle for helping me plan an exciting literacy night for the kids! She always has such great ideas and is willing to jump in and help at any time. 😊 -Crystal Ratcliff
- Shout out to Jamie Swafford and Jillian Marsh for all their extra work helping with Robotics. -Daniel Scribner
- Shout out to the Primary staff for fun and exciting Dr. Seuss activities! Thank you Debbie Anderson for floating, helping out, and taking pictures! And to Halley for helping me figure out what activity to do for my center! - Sarah Grunder

- Shout out to Taylor for a successful Family Movie Night! -Sarah Grunder  
Shout out to Amanda and Michelle for helping decorate for Dr. Seuss week! - Sarah Grunder
- Shout out to LeNell for always having a smile on her face! -Sarah Grunder
- Shout out to Lisa, I enjoy our frequent laughs about random things! -Sarah Grunder

4/6/20-4/10/20

- Shout out to Patty Baker, Janessa Jones, Andrea Humig, Sandy Bell, and Candy Wright for going above and beyond to make sure that our kiddos get the help that they need. -Karen Hinnen
- Shout out to Michal Austin and Julie Rosenquist for hanging in there all week at school. -Karen Hinnen
- Shout out to Dennis for fixing my electrical issue in my classroom. - Karen Hinnen
- Shout out to Mr. Gawith for his great model of leadership. The staff ice-breaker was a lot of fun. -Mario Triana
- Shout out to Mrs. Walp for thinking of great ways to keep her zoom meetings interesting and sharing the ideas with everyone! -Mario Triana
- Shout out to everyone who has been helping to clean and sanitize so that we can have a safe work space! -Mario Triana
- A huge thanks to Mrs. Tammy Brown for all her awesomeness! She got iPads ready and bags of student supplies ready when I could not be at school that particular week! -Laureen Simon
- Shout out to Mrs. Willard! What a clever and cute little video she did of her class on Facebook! -Laureen Simon
- Shout out to Mr. Gawith for being a great support as we began this new adventure known as distance learning. -Kristin Sangals
- Shout out to all our people delivering meals everyday! -Kristin Sangals
- Shout out to Mrs. Ratcliff for setting up so many resources to help families help their readers! -Kristin Sangals
- Shout out to Clara for all that she does! -Kristin Sangals

- Shout out to the south hall teachers for another great week of online teaching!

4/20/20 - 4/24/20

- Shout out to Mr. G for bringing some fun to our staff meetings! -Tammy Brown
- Shout out to Ric Stamper for boxing up loads of books while I'm stuck at home. Thanks, my friend! - Julie Rosenquist
- Shout out to all the teachers putting in hard work to make this happen. They are doing great!! -Dawn Waller
- Shout out to Mrs. Sangals for helping get my kid straightened out!! -Dawn Waller
- Shout out to all the crews that are here every day... packing & delivering meals, improving facilities, instructing, planning for next year, etc. -Jeremy Boldra

5-6-20

- A huge shout out to Tammy Brown for all her help painting my classroom! -Kristin Sangals
- 
- Shout out to Russell for being so helpful! -Kristin Sangals
- 
- Shout out to all the in house painters, especially LeNell for getting the third grade classroom painted. It looks awesome! - Casteel
- Shout out to the Redesign Team. We are creating amazing educational opportunities for our students. - Casteel
- Shout out to Reagan Heimgartner who got a 1 on her vocal solo in a virtual contest.
- Shout out to Trena Garcia who got a 11 on her vocal solo in a virtual contest.
- Shout out to Harlee Randall who got a 1 on her alto saxophone solo in a virtual contest.
- Shout out to Addison Cartmell who got a 1 on her clarinet solo in a virtual contest.

# STUDENTS OF THE MONTH

Alexa Hardin

Parents – Brandy & Brian Hardin

Hobbies – Photography, Writing

Activities – FFA, Robotics, Scholars' Bowl and Basketball Manager

Favorite Class – Language Arts

Parents – Stephanie & Dan Girty

Hobbies – Volleyball, Softball and 4-H

Activities – Volleyball, Softball, 4-H, FFA and SAFE

Favorite Class – English

Jake Scribner

3rd grade

Parents: David & Melissa Scribner

Hobbies & Activities: Riding horses, baseball, football & basketball

Favorite Classes: Theater

# SENIOR SPOTLIGHTS

By Mr. Sorum & Mr. Harms

Today's senior spotlight is #11 Issac Bugner! He is the son of Steve and Cheri Urban. Issac has been very involved at Flinthills in Football, Basketball, and of course Baseball. He has also been involved in the school plays either backstage or small rolls in the productions. Issac has been a utility player for Flinthills Baseball the past 3 years playing outfield, short stop, pitcher, and catching JV. I believe Issac would have been our starting catcher this year and was looking good on the mound the first weeks of practice. My favorite memory of Issac is, and he will be the first to tell you, he wishes he never would have hit that home-run at Olpe last year because all he did was swing for the fences the rest of the season. I truly believe Issac would have had some all league honors this year in baseball with a solid bat and his speed. Issac plans on attending Butler County Community College in the fall for Pre-physical therapy then go to K-State and major in Kinesiology.

Tuesdays senior spotlight is # 21 Jesse Town, son of Adam and Carie Town, and Ann and Chris Larson. Jesse has been our 3rd baseman the last 2 seasons earning All SCBL Honorable Mention last year. Jesse hit 0.406 last season, had 14 RBI, and scored 29 times in 23 games. Jesse also played football this year for the Mustangs, and is involved in FFA, but true sports passion is Baseball. Jesse can be a great leader on the field for us, and would have been a team leader in stats again i am sure. Many of my high school friends would say the same as Jesse, Not sure if it wasn't for baseball, I would even be in school. Shows what sports does for kids and motivates them to be good students. Jesse plans on joining the work force and is already a pretty handy diesel mechanic and welder. Thanks for the 4 years Jesse!

Girls Turn: Wednesdays senior spotlight is # 9 Nyah Brown, daughter of Gale Brown and Jamie Eisenbarth. Nyah is the softball team's shortstop. She has been a leader for both the volleyball team and the softball team. She brings energy and leadership to whatever she does. Nyah also participates in Math Relays, FFA, and is a member of National Honor Society. After graduation she plans on attend Butler Community College and then Emporia State to major in elementary education. I personally think she will make a great teacher and an even better coach! Coach Harms comments: Nyah was going to be our leadoff hitter and would have played shortstop. The last two years Nyah has batted over .300 and has had on base average of over .500. She has definitely been one of the quickest and fastest girls to play softball at Flinthills.

Nyah has grown into a good leader in both volleyball and softball. She is like having a coach on the field or on the court in volleyball. In her career Nyah has proven to also be a team player, sometimes playing the position that was best for her team and not her true position. One of my fondest memories was Nyah's home run last year against Cedarvale/Dexter. Nyah should have received post season awards this year. I will certainly miss her leadership abilities and her ability to help keep me in check.

# SENIOR SPOTLIGHTS

By Mr. Sorum & Mr. Harms

Thursdays senior spotlight is # 10 Justus Humig, son of Andrea and Josh Humig. Justus was our everyday shortstop last season and earned SCBL Honorable Mention honors last season with a .304 batting average and scoring 26 runs. He was also one of our main JV pitchers and was going to have a solid senior season on the mound. Justus also had 19 stolen bases last season. His bat looked good in the first 2 weeks of practice and I am sure he would have had another all league season. Justus also played football for the Mustangs and was one of our biggest hitters on the field. Least favorite memory of Justus was when playing against us in summer ball and he hit one off the right field fence, we had two perfect relays to the plate and got him out. With the slide he had the nastiest broken arm I have witnessed in person. Luckily he had a full recovery, and he came to school here so he could play with us. And yes Justus, you were out. Justus favorite sport is baseball and we were happy to have him as a mustang the last 4 years. He plans on attending Butler County Community College next fall. Thanks Justus and good luck!

Fridays senior spotlight #9 Wade Haynes. Wade is the son of Seth Haynes and Joy Adler. Wade came to us a few years ago, played baseball and managed to earn a starting role as a designated hitter for us in the 2018 season. Wade is also very active in Football, TSA, Theatre, Forensics, SAFE, and the Brew Crew coffee shop. Last season Wade was not with us as his other activities lead him to great things and he took the season off as he was a very busy individual. I predicted that he would most likely be a starting outfielder for us this season as he brings a big bat to the game. With his return to the team it just was going to make it harder to find the top 9 to 10 starters as we had a lot of really good hitters. Wades plans are still up in the air for next year, possibly start a welding career. It's been a great joy to have wade with us and watch him in his many lead roles in the school productions for the drama department. We will never forget Captain Fantastic!

Saturdays Senior spotlight is Lucas James son of Jesse and Jessica James. Lucas was a JV outfielder for us 2 years ago and returns to the team fighting for a starting position. Lucas is one of the kids who is essential to a team weather he is on the field or in the dugout. Everyone likes Lucas and he is that kid that can keep a team loose and take the humor of about anything and help lift spirits. I predicted he would be my right hand guy this year, yep.... Sit right by me in the dugout and rally everyone each pitch all game long. Lucas would have been our team comedian! Going with that theme, when asked what future plans are, he avoided the question. Favorite memory of Lucas was 2 years ago he had made a couple errors and wanted us to pull him because he always does what's best for the team...we didn't and next time up to the plate he hit a double. Keep your confidence up and great things will happen Lucas!

Today's senior spotlight is a special one, # 15 Jack Donner has been one of the toughest outs in our league and maybe even 1A-2A baseball. He is the son of John Donner and Stephanie Donner. As a sophomore he lead all classes 1A-6A in hits for the season. He hit over 600 and had a hit in all 22 games he played in plus the 4 JV games for a 26 game hitting streak. Very impressive. This earned him All SCBL 1<sup>st</sup> team honors as and also honorable Mention All-state as a sophomore. Jack's Junior year was also incredible with another 500 plus season hitting. Jack played 3<sup>rd</sup> and would have been one of our catchers this season, but with an arm injury we moved him to 2<sup>nd</sup> base and his Junior year got All SCBL 1<sup>st</sup> team honors as and 2<sup>nd</sup> Team All-state 2<sup>nd</sup> Base. He is a team leader for us and has been. Jack only plays baseball, and another kid that it was really his only interest in high school. He was usually the first one to show up for morning hitting practice. I would take a team full of Jacks, but I would not have any pitching. Jack plans on entering the work force for a year and then decide if he wants to go on with his education. He is a hard worker and will definitely have a success story to tell down the road. He would have played 2<sup>nd</sup> base for us again this year, and I truly believe would have been playing in the state All-star game. Thank you Jack! Picture is Jack (left) giving Kedryn some words of advice on the mound, most likely not even talking baseball just a joke or two.

Tuesday senior spotlight is another good one, # 5 Kedryn Morse is truly our utility guy. He has played every position on the field over the last 3 years except first base and right field. He is the son of Jed and Michelle Morse. He is involved in FFA and skills USA and has played football, basketball, and baseball all through high school and I believe he has been a letter winner in every season in all 3 sports. I also know that baseball is his favorite sport and I really wish I could find a place for him to play next year, he is that good. Any chance we get we put him in center field, he takes more hits away from batters out there than probably any other Flinthills outfielder ever has. He also hits the ball exceptionally well and has great speed. It's amazing he can even play after the football injury he suffered as a junior in Oxford dislocating his hip. But a few short months of hard work and rehab got him back on the basketball court. Healthy enough to play, he managed to re injure the hip and missed a few games last season, but still managed to hit over 500. Kedryn would have been one of our top pitchers this year, and I think he would have gone to play with Jack in the state all-star game. He has earned All SCBL 1<sup>st</sup> team honors as and also honorable Mention All-state as a sophomore, and his Junior year got All SCBL 1<sup>st</sup> team honors as and 2<sup>nd</sup> Team All-state Outfield. Thank you K-Bob! Picture is Jack (left) giving Kedryn (right) some words of advice on the mound, most likely "Hey, the strike zone is over the plate"

Senior spotlight Wednesday is our team Manager Terry Jones. Terry played Football and basketball, but when asked if he wanted to play baseball his response was NO, I am afraid of the ball.

Kadyn has played left field most of her career, but probably would have played 1st base this year. Kadyn has batted over .350 hitting percentage and over .500 on base percentage each year while at Flinthills. She has a great attitude and a million-dollar smile. If you ask Kadyn to try something different she was always willing, a very coachable athlete. Kadyn hit two home runs last year and should have had three. I couldn't wait to see how many she would hit this year. These home runs would have probably given her an all-league award. I will never forget Kadyn's first time at-bat her freshman year. Sedan's good pitcher had two strikes on her and decided to pitch Kadyn an inside pitch. Kadyn hit a line drive over the right field fence.

Sarah Hinnen # 4 is our Sunday Senior Spotlight! Sarah is the daughter of Roger and Karen Hinnen. She has played 3rd, Catcher, Short Stop for the Mustangs over the last 3 years. Her other activities include Volleyball, Basketball, Softball, Cheerleading, Math Relays, Scholars Bowl, FCA, FFA, NHS, SAFE, ITS, Theatre, Forensics, Student Council. She has earned All League Honors: Freshman year: All League Honorable Mention, Sophomore Year: First Team All League, Junior Year: First Team All League. Plans for the future: Attend a community college to finish up my pre-requisites and see where I go from there. Coach Harms: Sarah Hinnen plays third base and catcher for us. She usually switches off with Kylee Weis. The first three years she has batted over .400 each year and her on base percentage has been over .500. Sarah actually led us in hitting last year. Sarah would have received more post season awards this year. It has been fun to watch Sarah mature mentally with her sports. She has always been very athletic but sometimes she would second guess her own abilities. I feel like her senior year she has matured and could be the first server in a volleyball match, and could be the leadoff hitter to start a softball game. This year I think would have been her year to really shine in softball (not that she hadn't already). Sarah had it all: she could hit a high average, hit with power, a strong arm and ran the bases really well. The thing I will remember about Sarah is her line-drive home runs and her ability to spank a volleyball.

I had to save my favorite senior for last, I will truly miss the entire group, but this one the most. Today's spotlight is # 16 Sarah Sorum, daughter of Erik and Connie Sorum. Sarah has pitched for the Mustangs the last 3 seasons and holds most pitching records for the school. She also plays Volleyball, Basketball, Softball, FFA, STUCO, Forensics, NHS, School Play, Cheer, Skills USA, Math Relays, and Scholars Bowl. Last season she was an All SCBL 1<sup>st</sup> team player and Honorable Mention as a sophomore. She also earned 1<sup>st</sup> team honors in volleyball and honorable mention in basketball this year making it 3 seasons in a row. Her plans for the future are to Attend Butler County Community College to begin my degree in Elementary Education and finish up at Emporia State. Coach Harms: Sarah was our heart and soul of our softball team because she was our pitcher. She received all league honors last year and would have received more this year. She has been our pitcher for all three previous years but I was really excited to watch her pitch this year. In practice she was throwing the ball harder and more accurate than the year before. Throughout the years Sarah had struggled with confidence issues, but during volleyball this year her confidence grew. I couldn't wait to see that confidence on the mound. I honestly think she was going to have a record breaking season. Sarah's stats were improving each year. Her sophomore year she had 106 k's in 108 innings and last year she had 133 k's in 123 innings. A couple of things I remember about Sarah is her long foul ball last year that would have been a home run and the year before when she struck out Sedan's best hitter at Sedan.

Staff prepare for new ceiling tiles and carpet by clearing out rooms and painting walls in May.

# CONGRATULATIONS GRADUATES!

The Class of 2020 celebrated commencement exercises on Monday, May 18, 2020 outside FHS in the west parking lot. Graduating seniors were accompanied by one carload each of proud and happy relatives. Students were recognized for their many achievements as Flinthills students. Way to go, graduates! We are proud of you!

**FHS THEATRE PERFORMS  
THE MIRACLE WORKER  
AS THE LAST SCHOOL ACTIVITY OF  
SPRING 2020**

March 13 and 14 th, Flinthills High School audiences travelled back to 1889 in order to witness life moments of Helen Keller and her journey with Annie Sullivan. The cast and crew gave all to the dramatic events of the

Keller family struggles, Annie's haunting past, and Helen's desperate search to understand the world.

With the help of Mr. Johnson's shop classes, the set accommodated several rooms, a second story bedroom with window for quick exits, and a porch. All were void of walls and complete structure, in order for spectators to witness every movement. The backdrop was home of sunrises, midday brightness, glorious sunsets, and starlit nights. The costumes realistically swept us into the civil war era with ankle boots, lengthy skirts and corsets. The water pump which provided the placement of the scene where Helen finally understands that the water she feels can be spoken through sign language, was fully functioning with water splashing into the barrel beneath.

The actors played blind characters, a feisty teacher, a lost son, a worried, yet hopeful, mother, a doubtful father, a concerned aunt and a wise professor. Annie taught Helen to use her manners at the table in a 117 cue scene, and learning ample sign language was an integral part of the action. The performers gained much valuable experience in dramatic acting. The cast and crew would like to thank everyone who assisted with the production, sponsored our year, and attended the show!
